Y. CALIFORNIA CALLED OUT FOR TRACK WORK

Coach Mitchell Issues Annual Call For the Appearance of Men Who Will Compete Latterly in the Federation Meet at Mesilla Park.

(BY RUTH M. AUGUR)

IT IS TRACK TEAM WORK from now on at the "Y." The candidates for the track team meet Tuesday night at 7:30 o'clock in the physical director H. L. Mitchell's office at the "Y" for the organization of the regular team. A large number of entries have been made and from the outlook the "Y" will have a creditable team to put into the federation meeting at Mesilla Park in May. Among the aspirants for athletic honors are Roy Pickens, Lee Evans, Ben Romero, Ed Miller, "Red" Stevenson, Luce Runnar, J. Romero, J. Sheldon, Johnny Lorez, Sam Pickens, Lewis Arms, Robert Hays, George Johnson, Joe Perkins and Wilcox. Some of these are point winners on the team last year.

Grounds Ready For Play.
A dozen long and short courses on the tennis court, have fixed it in good condition and pits have been dug for the polo vault, broad and high jump in the court, where outdoor practice for these events will begin immediately. The sprinters of the "Y" started Monday night on their outdoor runs, which

PRIZE SAKES FOR HARNESS CIRCUITS IN PLAY TONIGHT

Great Western Is Formulated and Season's March Is Proclaimed.

Last week the stewards of the Great Western circuit convened in Chicago and organized the following schedule for 1912:

Date	Place	Prize money
July 2-4	Marshall, Mich.	\$10,000
July 8-10	Grand Rapids, Mich.	25,000
July 15-17	Kalamazoo, Mich.	40,000
July 22-24	Detroit, Mich.	100,000
July 29-Aug. 2	Cleveland, O.	20,000
Aug. 6-8	Decatur, Ill.	10,000
Aug. 12-14	Peoria, Ill.	15,000
Aug. 20-22	Springfield, Ill.	15,000
Aug. 26-28	Des Moines, Iowa	15,000
Sept. 2-4	Hamline, Minn.	20,000
Sept. 8-10	Milwaukee, Wis.	20,000
Sept. 16-18	Opelousas, La.	20,000
Sept. 23-25	St. Louis, Mo.	25,000
Oct. 2-4	Seattle, Wash.	20,000
Oct. 7-9	Portland, Ore.	20,000
Oct. 12-14	Dallas, Tex.	30,000
Nov. 4-12	Phoenix, Ariz.	20,000
Total		\$355,000

New Members on List.
Several new members appear for the first time, including the opening one, Marshall, Mich., whose dates are July 2-4.

St. Louis, Mo., comes in with a strong meeting of grand circuit caliber, giving \$25,000 in stakes and purses. Seattle, whose meeting is given in connection with the Missouri State fair, also is a newcomer; likewise the Iowa State fair, whose dates are Sept. 2-4. Des Moines. There have been several other changes in the schedule, but these three towns constitute the new members admitted.

Texas City Represented.
Dallas, Tex., comes in with \$20,000 for their State fair meeting, this being the largest amount given in Texas in the history of the harness racing. As usual, the circuit will close at Phoenix, Ariz., where the first State fair of the new millennium will be held. The purses of the circuit lineup gives an impression of its extent and importance, no less than \$355,000, being scheduled to be awarded for harness racing. There is but one week's intermission in the circuit that being September 16-18, and it is announced that this date is likely to be claimed.

It will be seen that three half mile tracks are represented in the circuit—that of Marshall, Des Moines and Milwaukee; but all these are first-class half mile tracks, and will give meetings of Great Western circuit caliber.

DETROIT BOWLERS SCARE THE LEADERS

Chicago, Ill., March 19.—Bowlers from Detroit threw a scare into the leaders of the minor events at the American bowling congress tournament yesterday.

Maurice Hotchkiss shot into second place in the individual events with a score of 874. Five pins behind Larry Sutton, of Rochester, N. Y., while Thomas O'Connell and George Whitmarsh took fifth place in the doubles with 1212.

MORNINGSTAR WANTS A FLING AT TITLE

Pittsburgh, Pa., March 19.—Ora Morningstar, of Pittsburgh, a former world's champion at 145 lbs., has been challenged by a local challenger to a match for the 145 lb. championship of the world.

CHANCE DUPLICATES FEAT OF TY COBB

Mobile, Ala., March 19.—The Chicago Nationals defeated the Mobile team 4 to 1. Frank Chaskey knocked a home run over the left field fence, a feat accomplished but once before and that time by Ty Cobb.

TWO MIDDLEWEIGHTS FIGHT SIX WEIGHTS TO A DRAW

Pittsburgh, Pa., March 19.—Bully Berger of Pittsburgh and George Chaskey of Madison, Pa. middleweights fought a six-round draw here last night. In the second round Chaskey had Berger in distress, but towards the end of the battle Berger had reversed conditions.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney, clerk of said court, do hereby certify that the within and foregoing is a true and correct copy of the original as the same appears from the records of said court.

FRANK J. CHENEY, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. See for testimonials, free.

Year of 1912 Will Be Marked As Greatest In Road Construction

Want Congress to Establish a Committee on Post Roads.

(BY LEWIS ARMS)

NEVER before has there been such activity tending toward the construction and propagation of good roads as there is today. Directly, this may be traced to the refinement and general use of the automobile. Working in concert, the American Automobile association and other ramifications of this major motor body have entered the legislative halls of the country and are doing things. Recent talk and action toward the consummation of a trans-continental motor roadway has set hundreds of tongues wagging and is welding together the east and the west to unite for this road which is so much to be coveted.

Want Congress to Act.
Now is supplemental improvement manifest to report to the congress in place in the American congress some time early in April. It is for the improvement of the legislative halls and post roads and the institution of more of them. It recommends that there be a committee of three members appointed to estimate the cost and conduct the investigation. The full text of the resolution is as follows: Joint resolution creating a committee of congress to investigate the building of post roads in the United States. Resolved, by the senate and house

of representatives of the United States of America, in congress assembled, that a joint committee of both houses of congress is hereby created, to be composed of three members of the senate, to be appointed by the president thereof, and three members of the house of representatives to be appointed by the speaker thereof. Any vacancies occurring in the committee shall be filled in the same manner as the original appointment. The said committee is hereby empowered and directed to collect information and to make a thorough and complete investigation of the condition of the public highways in several states of the union, including the cost of transportation thereon; the improvement, construction and maintenance of such public highways and the cost thereof; the cost of carrying the mail over such highway, and the improvement of the mail service thereon; and to report to the improvement of the post roads of the United States.

Mainland Post Roads.
The committee is hereby authorized to report to the congress all information obtained from such investigation, together with recommendations as to the advisability of the congress granting national aid to the maintenance and building of post roads and national highways in the United States, and to make recommendations as to the proper legislation to be enacted by congress. The said joint committee shall conclude its investigation and report to this congress all evidence taken and its findings and conclusions thereon. The sum of \$25,000, or so much thereof as may be

Car Starts From Los Angeles to Route National Highway.

necessary, is hereby appropriated, out of any money in the treasury not otherwise appropriated, to pay the necessary expenses of the said joint committee, the sum to be disbursed by the clerk of the house upon vouchers to be approved by the chairman of the committee.

When the hearing on the joint committee resolution is held by the rules committee, it is assured that all national bodies interested in good roads will be represented, including farmers' organizations and the road users' associations.

Car Starts From Los Angeles.
A car started Sunday from Los Angeles to route a highway across the United States to New York and to secure data and information on each leg of the journey.

New Jersey, with its fine roads, is to be thrown open to national tourists.

The year of 1912, if it continues as it has, will be marked as a new era in road construction.

As To Selecting That Fourth Team

City League Personnel Is to Be Determined in the Meeting Tonight—Sportographs Snapped Here and There.

A GAIN the writer of this column suggests that the team to occupy the fourth berth in the city league for the coming season's play be not arbitrarily selected. It is up to Art Woods and his colleagues to make a plan which will give all three aspirants for the honor a show for their ability.

One veteran in the summer is worth three recruits in the spring. —Echoes from a training camp.

James E. Sullivan, secretary and treasurer of the A. A. U. got up out of a sick bed to let the athletic clubs of the country know that money was not coming in fast enough for the support of the American Olympic committee. When ever it is a question of money a little thing like sickness will not deter the A. A. U.

The only way a ring fan can look at a bout through unbiased eyes is not to know either one of the fighters. It is very easy to kid yourself into the belief that the man you want to win is winning when perhaps he is actually getting the worst of it. That is the reason why there are so many demonstrations at the end of a battle.

A change of pace is one of the greatest assets a pitcher may acquire. Yet few amateur and world's pro twirlers will utilize it. A speedy ball pitcher fears that if he suddenly lofts over a slow one that the batter will "hit it a mile." As a matter of fact a slow ball mixed with swift ones will have the batter "breaking his neck" to hit it.

Entries for the Indianapolis speedway races of May 20 already are being listed. The race is going to be hotter than ever. It is more deathly.

Able Attell is now going to get after Jim Bulkeley, manager of Harlem Tommy Murphy, in a suit asking for damages for defamation of character. Look out Abraham, low bridge! the defense ever unfurls a few reels of your little tricks of the past you may owe something besides the suit.

WOMAN SHOT MAKES NEW TRAP RECORD

Tacoma, Wash., March 19.—Miss Anna Benson, of Tacoma, broke the world's record for women in target shooting last night when she made 48 out of a possible 50 on a 25 yard indoor range with standard targets. But one shot went out of the bull's eye and then by a scant fraction of an inch. The record was made by a revolver, instead of a target pistol, in the weekly competition of the Tacoma Women's Revolver Club and the auspices of the National Revolver association.

SNAPPY PISTOL PROGRAM IS ARRANGED FOR THE EAGLES

A snappy pistol program has been arranged for the local Eagles tonight. Young Kid Mitchell and Young Jensen will meet in the curtain battle. Battling Hurley and Battling Russell appear in the semi-windup and the finish will be between Farmer Fitzsimmons and Speck Hayes. Joe Rickart will referee.

SPRING TRAINING IS MUCH BUNK, HE SAYS

MUCH of the whole training system in vogue in the National and American leagues is just so much "bunk," according to the opinion of manager Fred Clarke, of Pittsburgh.

"A ball player is a ball player," Clarke says. "It is like swimming—he can always play with a moderate amount of skill. What he needs is not anything else at the start of the season is endurance. Long walks over hills, handball games and that kind of training gives the player endurance, wind and vigor and takes off the superfluous flesh."

Dr. William E. Keane, club physician of the Detroit Tigers, is of practically the same opinion as Clarke. Keane believes the training trips of the clubs should be reduced greatly in length, and that a great amount of hard and tedious work could be eliminated if the players would take systematic exercise during the winter months. This does not mean, Keane says, that the men should keep in training 12 months in the year, as many of the college men do, but he does mean that a little exercise taken every day would be a splendid thing, especially for the ball tossers who are disposed to take on flesh during the winter months.

The work on the training trips is divided into two classes. In the first place the men get ready for practice; then comes the practice itself. Any one who has been compelled to take off weight in the winter knows that there is little joy connected with that long.

As one item of the quantity of supplies which are necessary to feed the men and horses at the fort, the alfalfa contract calls for the delivery of 270 tons of alfalfa before July 1. Of this amount the government has already bought 1,180,000 pounds of first grade green alfalfa for the horses at the fort. This is but half of the hay used, since an equal amount of alfalfa is fed with the alfalfa. The oats for the army horses costs twice as much as the hay and the government is now paying out thousands of dollars through the Chicago headquarters for feed with which to supply the troops stationed at the El Paso garrison.

FOUNDATIONS NEARLY READY—SOME LOCAL RAILROAD NOTES

The concrete foundation for the new freight depot of the T. & P. is nearing completion.

P. C. Ryan, conductor on the T. & P. has reported for duty after a week on the sick list.

Engineer A. Maxey, of the T. & P., who has been very ill for some time with appendicitis, in Providence hospital, is improving.

Brakeman G. Benton, Harry Sublette, H. E. Caldwell and Scott Vance of the western division of the S. W. are now regular passenger brakemen.

Passenger conductor Charles Hay, of the S. W. is laying off for a few days. Conductor M. B. Ellis has his run.

Vice president H. E. Miller of the Mexico North Western railway is expected to arrive in El Paso next Friday over the P. & S. W. He and his party are traveling in the private car Mayflower.

Passenger conductor J. W. Hoban of the S. W. is laying off. Conductor John Long has his run.

Brakeman H. T. Vaughn of the eastern division of the S. W. has gone to Carrizosa to work for a while.

W. C. Welsh, operator for the E. P. S. W. at Ancho, is in El Paso for a few days but will leave for Tucuman Saturday.

Engineer L. O. King of the S. W. has returned to Tucuman after spending a few days in El Paso.

C. L. Carter, formerly a train porter

TOMMY WALSH TAKES MANAGEMENT OF BURNS

TOMMY WALSH, the former referee for the boxing clubs at New Orleans, has given up aviation for the time being, also refereeing and is now a full-fledged manager. Tommy has taken in hand Frankie Burns, the New Jersey bantam-weight who gave Johnny Coulson such a hard battle recently at New Orleans. Walsh thinks he has a champion in Burns, and writing from New Orleans, says:

"In all my experience I never saw a boy with a cleverer left hand than this fellow and I am convinced that he can beat Coulson. If they ever meet over the marathon route, I have nothing to say but that Burns is given another chance with Coulson; if he don't beat him I never want to manage another boxer."

"I was sorry that Sid Smith, the English champion, returned home, for I feel sure that Burns would have beaten him and this would have forced Coulson into another match and we would have had the British title. Burns is to meet a young fellow named Sanders at Memphis in the near future and then am planning a trip to the States and also negotiating for a match with Digger Stanley over in London and with the French boy Poesy. If we can get the matches we will go over there the coming summer or possibly in the fall, would like to get a match with this Chick Hayes at Indianapolis."

apolla, who seems to be one of the best boys around there and if Abe Attell is looking for a match at 115 pounds, or even 118 pounds, he can get one with Burns and not bother about Coulson. However, our aim now is to get a match with a Chicago boy, as we want the bantamweight title, and the only way to get it is to beat Coulson."

Moran a Real Come-Back.
Owen Moran, the English 125 pounder, who has fought all the best lightweights, has demonstrated that he can "come back." In his fight with Pat Moran at New York the other night Moran showed all his former cleverness and also some hitting. Moran weighed 127 lbs. and he was in the best of shape. It is almost certain that in a long fight he would win out. Now get Moran and Joe Mandot, the southern bantam, together and the winner of a Mandot mixup and bring forth a lightweight who will be entitled to a match with champion Alvin Karpis. Whether Moran should be the winner over Mandot or not. Then, too, with a husky youth like Joe Rivers, the California Mexican, coming to the States there appears considerable hard work ahead for the former Milwaukee boy. Rivers and the winner of a Mandot mixup would be some match and now that Tommy Murphy has broken into the select circle again he might be counted in, too.

BRYAN AND ANDREAS ROLL GREAT SCORES

Local Bowlers Hang Up Exceptional Marks In Five Man Team Game.

Some of the greatest bowling ever witnessed in an El Paso five men team match was rolled by Bryan and Andreas in the match between the Turtles and the Andes team, team, rolled 712 for an average of 237. This bowling would win first money in any tournament. J. Andreas also rolled in great form, totaling 673. Both of these scores are above the ones which are taking the leading money in the national tournament now being rolled in Chicago.

Turtle team.	Andreas team.
Clark.....190	186
Critchett.....214	169
Bryan.....235	226
Stratton.....171	169
Gowan.....148	129
Holmes.....150	181
Lehman.....162	172
Totals.....976	859

Andreas team takes 20 pins per game. Points won, Turtle 4.

High game, Bryan, 235.

High total, Bryan, 712.

for the G. H. has accepted a position as engineer of the S. W.

E. C. Keyes, brakeman for the G. H. is laying off for a few trips.

H. Hope brakeman for the G. H. is on vacation for a few trips.

STRAY SHOT HITS HURLEY BARTENDER

Then Saloon Man Is Fined For Having a Gun in His Saloon.

Silver City, N. M., March 19.—A row in a saloon here just outside of Hurley between Lee Steen and a stranger resulted in the bartender, Dick Dunham, being shot in the right shoulder. Steen and the stranger had some words when the former, it is claimed, grabbed a gun and fired, the ball missing the intended victim and striking the bartender in the shoulder. Inflicting an ugly and serious wound. Steen was taken to the hospital. Wayne Estes was given a hearing before justice Boyce who found him not guilty of the shooting. He was released in default of which \$500 was brought to Silver City and lodged in jail.

Complaint was also made against McAllister for having a gun in his saloon, which is against the law in New Mexico, and he had a hearing before justice Newcomb of Silver City, who fined him \$100 and costs and 30 days in jail. He appealed his case and was released on bond. McAllister is a saloon man who was refused a saloon license on the ground that his saloon was not within the limits of Hurley. A mandamus was issued and at a hearing before justice Newcomb the case was decided in favor of McAllister and the license was issued.

Franks grove in town report that so far the recent cold and freezing weather has not injured fruit and everything is favorable at this time for a large crop. It was feared that the early frost of last week and extreme cold, the thermometer standing at 24, had injured if not killed early peaches.
